Ohio Safety Congress & Expo

Each year thousands of Ohio employers and employees attend the Ohio Safety Congress and Expo, the industry’s leading annual event. The expo combines world-class educational opportunities with professional and social networking.

The event is Tuesday, April 1 through Thursday, April 3 at the Greater Columbus Convention Center, and is one of the largest programs in the country singularly dedicated to the safety programming. The event is free and designed to provide flexible yet customized industry-focused learning.

Learning from colleagues is critical, and there will be three days of opportunities to interact and network to exchange useful information. Also, there are more than 100 educational sessions covering such topics as safety program development, emergency planning, cost-cutting safety strategies and ergonomic programs.

The Ohio Bureau of Workers’ Compensation estimates there will be more than 5,000 participants. To receive a official event program e-mail your name and address to— safetycongress@bwc.state.oh.us
