Lake County Safety Council Promoting Workplace Safety Awareness and the Reduction of Occupational Injuries and Disease for 25 years

Established in 1985, The Lake County Safety Council is committed to providing safety information, training and recognition to achieve its goal of promoting workplace safety awareness.

Whether the business is a service, retail or manufacturing, and whether it has a small, medium or large workforce the safety council offers something for every organization.

The safety council meets monthly to examine and resolve potential and existing safety problems.

The safety council provides information on new safety techniques, products and services and regulatory compliance.

Monthly meetings provide a forum for members to discuss similar safety concerns and solutions with fellow members.

In attendance at each meeting is a Ohio Division of Safety & Hygiene representative who is available to provide members with specific guidance on safety in the workplace.

The safety council attracts top local companies as members, promotes workplace safety awareness, advocates for safety programs and encourages networking opportunities.

BWC Second Half Semi Annual Reports

All Lake County Safety Council members should have received their second half semi-annual reports via e-mail in late December.

These report forms were sent electronically for the first time.

Please complete and return these forms at your earliest convenience.

Returning these forms is one of the eligibility requirements of the safety council rebate program.

The deadline to return the form is Monday, January 25.

If you have not received the form, please contact Mark at 440-255-1616 (the Mentor Area Chamber of Commerce office) or e-mail Mark at mark@mentorchamber.org

Your support in completing this project in a timely fashion is greatly appreciated
