BWC Offers Classes for Ohio Workers

The Ohio Bureau of Workers' Compensation Division of Safety & Hygiene Training Center offers more than five dozen occupational safety, health and ergonomic courses in 12 locations statewide; and seven online.

All courses are offered at no additional cost to Ohio employers who pay into the Ohio workers' compensation insurance fund.

Courses are designed to emphasize practical application of safety principles, to help develop a safety culture and to provide current and proposed standards for regulatory compliance.

The courses at the BWC Garfield Heights Service Office cover a wide variety of subject matter and range in length from half a day to a week long. Some of the courses begin this week.

There are courses on controlling workers' compensation costs, accident analysis, hazard communication, measuring safety performance and wellness in the workplace, to list just a few. For more information call 1-800-OHIOBWC or visit the learning center web site www.bwclearningcenter.com.
